

# FROM THE DESK OF THE RISK MANAGER COVID-19 MITIGATION

Michael Willow

There is a lot of confusion and mis-information running rampant here in Bee County concerning the COVID-19 vaccine. I hope this letter will clear up some of the questions. I will start from the beginning. Bee County has approximately 32,000 residents and a very rough estimate approximately 20,000 are eligible to receive the COVID-19 Vaccine at some point.

The Federal Government appointed a group of well qualified professionals to come up with a list of who should get the Vaccine and in what order. Now for the hard truth. As of this letter Bee County received 900 doses of the Vaccine to give to Medical staff and First Responders. As of yesterday 1/10/2021 the Businesses and Clinics in Bee County had ZERO vaccines left. Bee County is not receiving any vaccine this week.

The following Businesses/Clinics will receive the Vaccine this week

NONE

This list will change weekly! **I should get the notification on LATE Monday so I will post this notice again on Tuesday.**

As always if you have any questions please call the COVID-19 Hot Line at 361-492-5981

Thank you
